

## EUROPEAN CLEFT PALATE CRANIOFACIAL ASSOCIATION

12 - 15 JUNI 2019 - UTRECHT THE NETHERLANDS | CONGRESS

Save the date:

**12 - 15 June 2019**

Utrecht The Netherlands

We are looking forward to your participation in this exciting project

## Scope of congress

During the 10<sup>th</sup> European Craniofacial Congress in Gothenburg, Sweden in 2015, the European Cleft Palate Craniofacial Association (ECPCA) was founded. This association will consist of all national associations in Europe. The ECPCA will promote and support the management of cleft lip and palate deformities, and related craniofacial anomalies in Europe by organizing a multi-disciplinary European Congress once every four years for dissemination of experience and knowledge in this field.

This congress will bring together experts, practitioners and companies involved in the treatment of cleft lip palate/craniofacial malformations. Professionals attending this congress will benefit from high-level scientific presentations, knowledge sharing and networking opportunities, with the overall goal of promoting understanding and treatment of these diseases.

## Sponsoring:

Companies and organisations wishing to support the organisation of the congress by means of educational grants or sponsoring arrangement, are invited to contact the Conference Secretariat for a proposal. We offer attractive sponsoring packages and sponsor benefits, including the opportunity to exhibit at the venue during the congress.

## Venue:

The first European Cleft Palate Craniofacial Association congress will be held in Utrecht, the Netherlands. Utrecht is located in the heart of the Netherlands and has a unique historic setting once being the northern border of the Roman empire. From Amsterdam Schiphol airport it is nearly 30 minutes by train or car to Utrecht city centre. Utrecht is also very accessible by train from other surrounding countries. The congress will be held in Tivoli Vredenburg, close to Utrecht Central Station, with sufficient hotels at walking distance.

## Contact:

For all matters regarding the ECPCA2019, please contact the Conference Secretariat MCI Amsterdam:
