

PROGRAMME

LOCAL AND LOCOREGIONAL FLAPS IN HEAD NECK SURGERY

NOVEMBER 29TH TO 30TH, 2022

UNIDADE
RIO DE
JANEIRO

José Carlos Magalhães
President
United Health Group Brazil

President
Jacques Marescaux
President, Ircad
University of Strasbourg, France

Director IRCAD
Armando Melani
IRCAD Latin America
Americas Medical City, Rio de Janeiro, Brazil

Course Director
Fernando Luiz Dias,
INCA-RJ, PUC-RJ
Rio de Janeiro, Brazil

Course Coordinators
Bruno Albuquerque-INCA,RJ
Daniel Leal-INCA,RJ
Gabriel Manfro-HCST-SC
Rodolfo Chedid-UERJ,RJ

Course Director
Paulo Roberto Leal
Américas Medical City, Rio de Janeiro, Brazil

GOALS

- Provide the candidate with current and detailed knowledge of local and locoregional flaps techniques for the treatment of head neck cancer; through lectures with specialists and corpse training.

EDUCATIONAL METHODS

- Theoretical and practical classes
- Videos of edited surgeries
- Hands-on in surgery on the corpse.

FACULTY

Antônio Bozola
Bernardo Peryassú
Bianca Ohana
Cláudio Cernea
Emilson Freitas
Frederico Lucas
Izabella Santos
Terence Farias

Jacob Kligerman
Juliano Sbalchiero
Júlio de Moraes
Michel Vaena
Renato Freitas
Roberto de A.Lima
Sandra Baião

FACULTY INTERNACIONAL

Eric Santamaria (México)
Lúcio M. Pereira (USA)

First Day - Monday, 28th November 2022

08:00 am-08:30 am	Welcome	Fernando L. Dias Paulo R. Leal
Theoretical Sessions		
Module 1-Anatomical Principles of flaps: the importance of microcirculation		
08:30 am-08:50am	Classification and importance of flap microcirculation	Rodolfo Chedid
08:50am-09:00 am	Comments on the anatomical principles of flaps	Juliano Sbalchiero Lúcio M.Pereira
Module 2-The fascia/temporal muscle flap		
09:00 am-09:15 am	Anatomical bases, indications and technique of the fascia/temporal muscle flap	Juliano Sbalchiero
09:15 am-09:30 am	Video of surgical technique of the fascia/temporal muscle flap and comments	Sandra Baião
Module 3- The Submental Flap		
09:30 am-09:45am	Anatomical bases, indications and Technique of the submental flap	Emilson Freitas
09:45 am-10:00 am	Comments of the submental and the fascia/temporal muscle flap	Paulo Leal
10:00 am-10:30 am Coffee Break		
Module 4-The Supraclavicular flap		
10:30 am-10:45 am	Anatomical bases, indications and technique of the supraclavicular flap	Terence Farias
10:45 am-11:00 am	Video of the surgical technique of the supra clavicular flap and comments	Cláudio Cernea
11:00 am -11:30 am	Workhorses flaps in head and neck complex microsurgical reconstructions	Eric Santamaria
Module 5- The deltopectoral flap		
11:30 am-11:45 am	Anatomical bases, indications and technique of the deltopectoral flap	Bernardo Peryassú
11:45am -12:00 pm	Video of the deltopectoral flap surgical technique and comments	Bianca Ohana
12:00 pm-12:10 pm	Comments on the supraclavicular and deltopectoral flap	Roberto A.Lima
12:10 pm -01:10 pm Lunch at the Institute		
Practical Session on Anatomical Piece (Laboratory)		
01:00 pm-05:00 pm	Flap dissection: Temporal fascia, submental, supraclavicular and deltopectoral	All Faculty
05:00 pm- 06:00 pm	Inset of flaps in head and neck defects	All Faculty
06:00 pm End of the first day Happy Hour At Ircad		

Second Day - Tuesday, 29th November 2022

Theoretical Session-Auditorium

08:00 am-08:30 am	Opening with our tributes Comments: Jacob Kligerman, Mário Galvão, José Kogut e Rui Vieira (in memoriam)	Fernando L. Dias Paulo R. Leal
Module 6-The buccinator myomucosal flap		
08:30 am-08:50 am	Anatomical bases, indications and technique of the buccinator myomucosal flap	Antônio R. Bozola
08:50 am-09:00 am	Comments on the buccinator myomucosal flap	Izabella Costa
09:00 am-09:30 am	Surgical technique and versatility of the latissimus dorsi flap	Eric Santamaria
Module 7- The pectoralis major myocutaneous flap		
09:30 am-09:40 am	Anatomical bases and indications of the pectoralis major myocutaneous flap	Frederico Lucas
09:40 am-09:50 am	Surgical technique and key points	Bruno Albuquerque
09:50 am -10:00 am	Comments on the pectoralis major myocutaneous flap	Fernando L. Dias
10:00 am -10:30 am -Coffee Break		
Module 8-Trapezius myocutaneous flap		
10:30 am- 10:50 am	Anatomical bases, indications and Technique of the trapezius myocutaneous flap	Renato Freitas
10:50 am -11:00 am	Comments on the trapezius myocutaneous flap	Jacob Kligerman
Module 9- The Frontal paramedian flap		
11:00 am-11:10 am	History and anatomical bases of the frontal paramedian flap	Daniel Leal
11:10 am-11:20 am	Indications and technique of the frontal paramedian flap	Michel Vaena
11:20 am- 11:30 am	Comments on the frontal paramedian flap	Lúcio M. Pereira
Module 10-Microsurgical reconstructions in head and neck reconstructions		
11:30 am-11:40am	Indications and limiting factors of head and neck microsurgery	Gabriel Manfro
11:40 am-11:50am	Use of drugs and monitoring of microsurgical flaps	Júlio de Moraes
11:50 am-12:00 am	Comments on microsurgical reconstructions	Eric Santamaria
12:00 pm -01:00 pm Lunch at the Institute		
Practical Sessions- Anatomical pieces-Laboratory		
01:00 pm-05:00 pm- Dissection of the flaps: Buccinator myomucosal, latissimus dorsi, pectoralis major myocutaneous, trapezius and frontal paramedian		
05:00 pm-06:00pm- Inset offlaps in head and necks defects		
06:00pm –End of second Day-Delivery of the Certificates
